Abstract

This report has been prepared by the National Betting Authority and includes the publication of the Financial Results and Quantitative Data of the second quarter of the year 2026 (April-June), whose primary objective is to enhance transparency and promote greater public awareness. Specifically, the report provides aggregated financial results for the second quarter of 2026, along with data on Class A¹ and B² bookmakers, authorized agents, licensed premises, persons in charge of the premises, and the list of blocked websites.

It should be noted that the process for licensing and regulating online betting services for Class B bookmakers was implemented on October 1, 2016. The first betting company was granted a license by the end of December 2016 and began offering betting services on January 1, 2017. Three (3) Class B bookmakers commenced the provision of betting services toward the end of the second quarter of 2017.

A review of the key financial results for the second quarter of 2026 shows a slight increase of 11% in the gross gaming revenue (Pay in) of Class A and Class B bookmakers (€329,816,209), compared to the corresponding period of 2025 (€298,086,561).

Of the total Pay in for the second quarter of 2026, €77,506,547 relates to Class A bookmakers, while €252,309,661 relates to Class B bookmakers. Class A GGR increased by 5% in April-June 2026 compared to the second quarter of 2025 and by 2% compared to the same quarter of 2024. As for Class B Pay in, in the second quarter of 2026 it recorded a significant 13% increase compared to the same period in 2025 and a 19% increase compared to the second quarter of 2024.

It is noted that during the second quarter of 2026, the number of Class A bookmakers remained at 6. The number of Class B bookmakers also remained stable at 13, as in the first quarter of 2026.

Profit distribution to players (Pay out) for Class A and Class B during the second quarter of 2026 reached €282,933,919, marking a 9% increase compared to the corresponding quarter of the previous year. The largest share of pay out - specifically €222,098,789 - once again concerned Class B players.

Abstract

Net Gambling Revenue for Class A and Class B in the second quarter of 2026 amounted to €46,882,290, recording an overall increase of 24% compared to the corresponding quarter of the previous year (€37,945,787). More specifically, Class A gambling revenue reached €16,671,417 in the second quarter of 2026, an increase of 18% compared to the same period in 2025, while Class B receipts amounted to €30,210,872, an increase of 27% compared to the corresponding period of last year.

Regarding the total number of Class A licensed premises across Cyprus, there wasn't a significant change in the second quarter of 2026 compared to the same quarter of the previous year. Specifically, licensed premises totalled 461 nationwide, with Nicosia maintaining the lead (162 premises) followed by Limassol (134 premises). Larnaca ranked third (83 premises), followed by Paphos (46 premises) and Famagusta (36 premises). Concerning licence cancellations and withdrawals in the second quarter of 2026, a significant increase of 167% was recorded compared to the corresponding quarter of 2025. The number of employees working in licensed premises reached 1584 during the second quarter of 2026, marking an increase of 10% compared to the same period of the previous year.

Finally, the results of the blocking of illegal betting websites - implemented since 2015 - showed a 5% increase in the number of blocked websites during the second quarter of 2026 compared to the same period in 2025. Specifically, the blocking list totalled 22,660 websites, with 245 illegal websites added during this quarter.

This report reflects the key findings that describe the current betting activity in Cyprus and is accompanied by tables with more detailed data.

¹ The term "Class A" refers to land-based betting.

² The term "Class B" refers to online betting.
